## EASTERN AND FOREIGN.

NEWS RECEIVED BY THE HILLO  
TODAY.

Hawaiian Matters—Thurston Has Been  
Received—Blount Said to Have  
Resigned.

Three San Francisco papers under  
date of June 8th, 9th and 10th came to  
the Star on the bark Hilo, and their  
contents are briefly summarized below:

## ASSURED OF OUR FRIENDSHIP.

Cleveland Receives the New Hawaiian  
Minister.

WASHINGTON, June 9.—This afternoon Secretary Gresham presented to the President Lorrin A. Thurston, the new Hawaiian Minister. The President, replying to Mr. Thurston's address, said in part: "I beg to assure you our people and the Government at all times are willing and anxious to strengthen and multiply the ties of friendship and amity which bind us to the people of Hawaii. To this end no effort on our part shall be neglected which is consistent with our traditional national policy and which is not violative of that devotion to popular rights which underlies every American conception of free government."

## BLOUNT HAS NOT SPOKEN.

The Recommendation of a Protectorate  
Still Wanting.

WASHINGTON, June 7.—Secretary Gresham has received no information from Minister Blount that warrants the conclusion that he is prepared to endorse all that has been done in Hawaii, and that he is now strongly inclined to recommend at least the establishment of a United States protectorate over the Hawaiian Islands.

The Secretary is also in ignorance of the reports of the interference of Claus Spreckels in behalf of the restoration of the monarchy and of his insistence upon the repayment by the Provisional Government of money advanced by him to the late monarchy.

The Secretary is, of course, in receipt of information from Blount that he does not feel justified in publishing, but he feels no hesitation in denying the accuracy of the above reports.

Minister Thurston said to the *Chronicle* correspondent to-night:

"I have not as yet received any instructions," said he, "from my Government; and there is really nothing in the way of news concerning the relations between Hawaii and the United States of which I know anything. The status quo of several months ago still continues. Of course we are all anxious to know what the Government of the United States intends to do respecting us, but no intimation has come to me relative thereto. It is possible that I shall receive instructions from my Government as to my course here as its representative, but I have not yet received any."

## ALL ARE UNITED.

The People of Hawaii Are Solid For  
Annexation.

SAN FRANCISCO, June 9.—Frank P. Hastings, for a long time Secretary of Foreign Affairs in Hawaii, and who has been Acting Consul-General of the United States there, Consul-General and Acting Minister of Foreign Affairs, arrived here yesterday on the Alameda.

He is on his way to Washington to take the position of secretary of the Hawaiian Legation under Minister Thurston.

Secretary Hastings talked last night at length concerning the situation in the Islands. He said that while certain reports from Honolulu had made it appear that public sentiment and the officers of the Provisional Government were veering from annexation, the opposite was true. There was, he said, a more united feeling in Hawaii now in favor of annexation than there had ever been.

"All reports to the contrary, notwithstanding, this is the case," he said. "That was the idea of the function of the Provisional Government. It was merely a prelude and a preface to an annexation. And now we are just waiting to see what this Government will do. All our interests certainly lie with the Pacific coast and America, and there with ours. It has afforded us a great deal of satisfaction to note the unity of sentiment on the coast in favor of annexation."

"As I have said, we are waiting to see what the United States will do. If it won't have us, why then we must do something else; but we are doing nothing and thinking nothing till the answer comes. You may be sure there is nothing in the report that sentiment in Hawaii has in any way changed as to annexation. That is what we want, and only that."

"About the ex-Commissioner, now Minister Blount, I am of the opinion from what I have understood that he is tired of being away from the United States. The fact is, the mails are few in the islands, and he is feeling somewhat lonesome, and wants to get back. This is very natural, and to be expected. I have met a great many representatives of the Government sent down there in different ways, and they all want to return as soon as possible. They realize that the longer they stay away the more they are forgotten."

A few weeks ago ex-Consul-General Sewell of Samoa went to Hawaii from the United States. He returned yesterday. It has been stated that he might have gone to Honolulu as some sort of an ambassador of Mr. Cleveland. Secretary Hastings, however, says this is apparently untrue. Secretary Hastings will leave for Washington, D. C. to-morrow night.

## CHINA DOES PROTEST.

She Takes a Firm Stand Against  
Exclusion.

LOUISVILLE (Ky.), June 8.—Colonel Blanton Duncan has received the following letter:

"CHINESE LEGATION, WASHINGTON, D. C., June 5, 1893.

"Blanton Duncan—DEAR SIR: I have much pleasure in acknowledging the receipt of your kind letter of the 2d inst., inclosing a copy of your letter to Secretary of State W. Q. Gresham in reference to the Geary Act, which you condemn as unjust and inequitable. I appreciate the kindness very much, more especially the justice and friendship which you and a majority of your people desire to show the Chinese. By cablegram lately received from my Government I am instructed to protest strongly against the enforcement of the act, and to adopt a firm attitude in the adjustment and settlement of pending difficulties. However, I am glad to be able to say that the present administration is not pushing matters to extremes, but still has regard for the maintenance of mutual friendship, and is endeavoring to observe the treaty stipulations of the two nations. There is now no alternative left me but to await final developments of the pending question."

"Very respectfully,  
"TSEI KNO YIN.  
"Per Ho Shei Ghee."

## BENNETT BADLY INJURED.

The New York "Herald" Editor Thrown  
From His Coach.

PARIS, June 9.—James Gordon Bennett, proprietor of the New York *Herald*, was dangerously injured by falling from a coach Wednesday. He continued to grow worse and a surgical operation became necessary yesterday.

Mr. Bennett was returning from the Autheil racecourse when the accident occurred and was driving. As the coach turned into the gateway to his residence, on the avenue des Champs Elysees, one of the wheels struck the gatepost violently. Mr. Bennett was thrown from the seat and struck his head on the iron step. He was unconscious when picked up. The wound on his head is a severe one, but this evening Dr. D'Arno says there is nothing in his condition to cause alarm.

## ANOTHER FLASCOO.

Evans and Sontag Again Permitted to  
Escape.

VISALIA, June 9.—A new scene was enacted at Visalia yesterday in the opera bouffe pursuit of Evans and Sontag. It was known early on Wednesday night that the desperadoes were at Evans' home in Visalia, but the Sheriff did not attempt to surround the house till yesterday at noon. Then he made no search of that house or of the Byrd house near by, where it is thought the outlaws were secreted at the time. After this farcical search the guards were withdrawn for some time, during which the outlaws had ample opportunity to escape if they were really on the premises.

## THE "CHRONICLE'S" COMMENTS.

An Assertion That Minister Blount  
Has Resigned.

Even James H. Blount, who was sent to Hawaii by President Cleveland as an executive commissioner and afterward appointed United States Minister, seems to be worn out with the shillyshally and dilatory policy of the Administration, for he has forwarded his resignation to Washington, and when a Democratic officer-holder resigns matters must be in a bad way.

The fact is evident that Mr. Cleveland and his Cabinet are sadly at a loss to know what to do about Hawaii. It was very easy to pull down the edifice constructed by the Harrison administration, which had it been completed, would have resulted in annexation, but all the genius and statecraft of the Democratic party do not avail, it would seem, to build up anything in its place. The only suggestion that is made is to establish a protectorate—a measure that would suit nobody. The Provisional Government has shown its ability to maintain law and order, and there is no disposition on the part of any foreign Government to take forcible possession of the islands and overturn the existing order of things. What need, then, can there be for an American protectorate?

It is the duty of the Administration to come to a conclusion on this question. If we are to accept the offer made us, and take in the Hawaiian Islands as a part of our territory, it should be done without further delay. If we are to decline the offer, it is only fair to Hawaii to make the announcement of the declination at once, so that the people of the islands may negotiate other arrangements for the future.

It probably seemed to Mr. Cleveland a brilliant stroke of policy to

withdraw the Hawaiian treaty from the Senate and begin negotiations all anew, but the trouble is that his Administration has done nothing, nor does it manifest any disposition to take any active and positive measures. Whether the President wanted to satisfy himself of the state of public opinion in this country regarding annexation, or whether he was influenced by some of his backstairs counselors and advisors at Washington, cannot be said. At any rate it is plain to see that nothing is being accomplished and that the Hawaiian affair is making no progress in any direction.

## TROUBLE IN SAMOA.

Mataafa's Pretensions May Lead to  
Fighting.

APIA (Samoa), May 24.—It may be safely predicted now that Samoan affairs are approaching a climax; indeed before this reaches America Malietoa and Mataafa may have tried conclusions and the all-important question as to which is the stronger party may have been forever decided.

A fortnight ago Mataafa addressed a letter to King Malietoa, in which he made peaceful overtures, reminded his majesty of bygone occurrences, and suggested that a huge and general meeting of Samoans should be held to choose a monarch. He suggested various villages as suitable places to hold the proposed meeting, and repeatedly appealed to the King "not to be angry" with him.

Malietoa's advisors decided that it would be beneath his dignity to take any notice of such a proposal. By his occupation of Malie, the district from which Malietoa takes his name, and by his assumption of royal authority, Mataafa has openly and directly asserted his claim to the sovereignty, and the Government demands that he should abandon his pretensions and that his people should return to their homes before it considers any grievances he has to lay before it.

Opinions differ as to whether Malietoa will fight or not, should the King move on his works.

## THE FINANCIAL OUTLOOK.

The Controller Says Eastern Banks are  
Sound.

WASHINGTON, June 7.—Controller of the Currency Eckels to-day said he had been watching the New York and Chicago banks closely, because a break there would be a serious thing, and that he was satisfied the banks were in a strong condition. As to Philadelphia the same thing was true.

Senator Manderson, President pro tem of the last Senate, said to-day that he did not believe the situation to be nearly as bad as it looked. "We are," he said, "more frightened than hurt; that is, there is no foundation for as much alarm as is felt."

Speaking of the prospects of repealing the Sherman law, he said: "The Sherman law cannot be repealed by the next Congress unless substituted by free coinage of silver in some form. They may put more silver in the dollar, but free coinage will be insisted upon as a condition to the repeal of the Sherman law."

## DOWN TO DEATH.

Collapse of Old Ford's Theater in  
Washington.

WASHINGTON, June 9.—Ford's theater, made historic by the assassination of Abraham Lincoln within its walls, suddenly collapsed to-day, crushing the life out of twenty-four human beings and inflicting injuries upon nearly twice as many more. It is a coincidence which will go into history that this second tragedy occurred on the day when the remains of Edwin Booth, whose life was so darkened by his brother's crime that he never visited Washington afterward, were being laid to rest.

The building collapsed in the midst of an ill-judged effort to remedy some of its defects. Workmen were digging under it and the walls fell before they could be jacked.

There were 500 clerks employed in the building which was used as a branch of the Pension office. When the calamity happened a vast crowd gathered, but was kept back by police and soldiers. Twenty-four crushed bodies were removed and forty wounded.

President Cleveland is interesting himself in relief measures.

## The New Australian Liner.

VICTORIA (B. C.), June 9.—The steamer *Miwera*, the first of the new Australian line, arrived last evening from Sydney and Honolulu after a pleasant passage, the only delay being one of nine hours. She is a fine ship and beautifully fitted. Her passengers all speak highly of her officers and appointments. There were forty first-class passengers and twenty-two second-class. Every berth was taken at Sydney, but the day before leaving the financial panic occurred and many who had bought tickets chose to forfeit their money rather than come away and leave their interests imperiled. The ship was tendered a reception by the British Columbia Board of Trade. She left to-day for Vancouver. She has a large quantity of freight and a lot of fruit from Honolulu for British Columbia and Eastern Canadian ports.

There was a very slim attendance at the band concert in Emma Square last night, owing to the showery weather.

## Aim at the Drake

And you are bound to hit some of the ducks. This is precisely the same with

Wampole's  
TastelessPreparation  
OF  
Cod Liver Oil.

It aims to cure Consumption, Hits the Mark, too, and it most effectually breaks up Colds, Coughs, Hoarseness and all Throat and Lung troubles that cause this disease.

It is natural logic to conclude that if WAMPOLE'S PREPARATION OF COD LIVER OIL has power to prevent Consumption, it surely is able to cure these lesser emergencies.

This vigor-making, fat producing preparation is Absolutely Tasteless, in so far as Cod Liver Oil is concerned. All you notice is a delightful flavor of Wild Cherry and Anise.

But the purest Norwegian Cod Liver Oil is there all the same. It is a great blood enricher. Best of all it is a natural food that in its stomachic effects, actually assists its own assimilation.

In Pulmonary or Bronchial troubles it is unequalled. No one doubts the value of Cod Liver Oil, but not every one is able to take it.

WAMPOLE'S PREPARATION removes the nauseous objection and actually makes Cod Liver Oil palatable.
